

ABJ WELDING

UNDERWATER WELDING SPECIALISTS

ABJ WELDING FAQ

WHERE?

ABJ Welding is situated in Hermanus, South Africa. It is 90 minutes from Cape Town International Airport. Transport can be arranged with prior booking.

WHEN?

Courses are run throughout the year, with 3 weeks allocated per course, and only 6 students to maximise learning efficiency. Please see the Course Dates document.

WHY?

The highly specialized course is designed for professional divers who want to obtain the needed underwater welding skills. This consists of both theoretical and practical training: 1 week dry welding, and 1 week wet welding. This is to meet the requirements outlined in AWS D3.6:2017 Class B Welds.

WHO?

The course is accredited by Lloyds Register, as per international required standards. After course examination the final plate welds are sent to an accredited laboratory examiner, where after successful pass to the AWS D3.6:2017 standard the final course tickets will be sent.

WHAT?

The following are needed on course: PPE (Personal Protection Equipment) clothing. This includes safety goggles, overall, gloves, safety boots. If anything is needed, it can be purchased at a local store. All training material and consumables will be provided. Also bring basic diving gear.

DIVING TICKET / MEDICAL?

Yes, a Class III or Class II diving ticket (or equivalent) will be needed with an in date diver medical certificate.

ACCOMMODATION:

Accommodation is available at a shared self-catering unit in Hermanus, at R4,000- for three weeks. The unit has a fully equipped kitchen, DSTV, and WIFI.
